Subject: Notification of Pipeline Replacement Construction
Bowater Lateral Final Phase – 12inch Steel

Dear Ms. Boyd:

Patriots Energy Group (PEG) is working with our Contractors to replace approximately 19,000 feet of 6" natural gas pipeline near Catawba, South Carolina. This pipeline will begin at the west side of US Hwy. 21, near the intersection of Theodore Rd, and terminates at the Hilltop valve station, adjacent to Resolute Forest Products paper mill off Cureton Ferry Road.

Initial cost estimates show that this project will exceed the \$500,000 threshold established in the Commission's Rules and Regulations 103-412.2.7 under "New Construction".

Please consider this letter as notification that PEG is beginning pipeline construction for this project. It is expected the duration of this work will extend to mid-December. PEG will copy the Office of Regulatory Staff (ORS) with this letter and will work with their staff should further correspondence be requested.

If you have any questions, please contact me at (803) 323-5357.

Sincerely,

Terry Adams
Facilities Superintendent, PEG
